EDUCATION EXPERIENCES

Undergraduate **Shanghai Jiao Tong University Junior** *Shanghai, China*
Computer Science and Technology (CS)
@ School of Electronic, Information and Electrical Engineering (SEIEE)
Expected 2019–2023
Mathematics @ School of Mathematical Sciences
Transferred 2018–2019
GPA | 3.63/4.3 CET6 | 560
A/A+ Courses | Mathematical Fundamental in Computer Sciences, Compiler Principles, Computer Architecture Labs

SKILLS

Programming ✓ Familiar with interface programming like FLTK in C/C++ GraphGenDecomp, Win-Form/WPF/XAML in VB.NET/C# ClassBookController DialogCreator, Typesetting of \LaTeX AutoBeamer. *2015–2021*
✓ Acknowledge OpenCV, pandas, pytorch and networking Networking in Python. *2019–2021*
✓ Acknowledge webpage making in HTML/CSS/JavaScript \LaTeX Sparkle (Blog), and use JavaScript framework Vue.js PGFPlotsEdt. *2020–2021*
✓ Get started with Java OS-Projects and Rust CompilerPrinciple. *2020*

Visualization ✓ Familiar with Video Editing in Premiere, Special Effects in After Effects, 3D Modeling in Cinema 4D . *2012–2020*
✓ Acknowledge Unity to make 3D interactive programs. PowerPoint Lecturer. *2019–2020*

Open Source ✓ Acknowledge cmd/PowerShell/bash script languages, version control tool Git, and continuous integration tool GitHub Actions.
 Member of SJTUG. Chinese \TeX Society \CTEX -org committer learnlatex.github.io.
 Participate in VS Code Chinese Group Sharing. Finish 2021 Microsoft Open-Source Study Group Projects mnist-calculator custom-tensor-op qlib-CNN. *2021*

HONORS

Mathematical Contest in Modeling (MCM) · Meritorious Winner *2021*
Contribution | Redefine the distance of DBSCAN in sklearn library, in order to perform a better prediction in the range of wildfire. Perform geographical calculations in Mathematica.

National Undergraduate IOT Design Contest · Second Prize *2020*
Contribution | Make a webpage to visualize canteen data and connect Nigara to HUAWEI Cloud database to make prediction based on the historical data. SJTUCanteenDataWidget

SJTU Scholarship · Class C *2018–2019, 2020–2021*

COMMUNITIES

SJTU Linux User Group · SJTUT \TeX Maintainer *2021*
Related Work | Maintainer of \LaTeX Beamer Template SJTUBeamer ★ 195.

SJTU Art Center · Leader of Tech Division *2019–2020*
Related Work | Video Producer. Create multi-streaming software ACLiveConsole ★ 7 to manage NGINX visually, support art processing of bilibili danmaku, and fluent PGM animation. The software has serviced multiple events, including the commercial ones.
